Letter of support for Dr Jerzy Gawor

To whom it may concern

This letter expresses our wholeheartedly support for the application of Dr Jerzy Gawor for a position as a member of the WSAVA Board.

Dr Jerzy Gawor has been an extraordinarily active member of PSAVA for the last 22 years having served as Board Member since 2003, and representing our Organisation in both: European and Global Small Animal Veterinary Federations.

He is very experienced and skilled person in educational, clinical and research fields being at the same time sensitive for help to emerging Countries and Veterinary Colleagues in the region and worldwide.

So far he provided services for the Federation of Companion Animal Veterinary Associations at first as the treasurer then as President. Same functions he completed in European Veterinary Dental Associations and this year he completed Presidency of the European Veterinary Dental College.

It is our Board conviction that he will make an excellent input in the work of the WSAVA Board and provide voice of the European Veterinary community there.

Yours sincerely,

DVM Andrzej Lisowski
President of PSAVA
